

Big Summer Skip Q&A

How does the challenge work?

We're challenging participants to complete 123 skips a day throughout August – one for each of the 1 in 123 people affected by Crohn's or Colitis. While raising vital funds to help us continue supporting those living with and affected by these invisible conditions. The challenge kicks off on 1st August

Is there a registration fee?

No, this event is FREE for anyone to take part in! Whilst there is no minimum sponsorship target, however, any money you raise can help us to reach more people who need our support. Just £10 could cover the cost of your free skipping rope, ensuring that every penny fundraised goes directly into supporting people with Crohn's and Colitis.

What's the registration deadline

Registration will close on 15th August 2025, but the skipping rope is available whilst stocks last, so we recommend you or any friends/family join the challenge as early as possible to avoid any disappointment!

My skipping rope hasn't arrived

From the point of ordering your skipping rope, it can take up to 10 working days for it to arrive. If you've waited longer than this, please contact us on messenger and we'll look into this for you. Thanks so much for your patience ❤️. If your rope hasn't arrived after 3 weeks, please contact us by email on fundraising@crohnsandcolitis.org.uk

Big Summer Skip Q&A

What are the benefits of skipping exercise?

Skipping (or jump rope) is a simple yet highly effective exercise that offers a wide range of health benefits. It improves cardiovascular fitness, strengthens muscles, boosts coordination and balance, and burns a significant number of calories. It's also great for building bone density and improving agility. Mentally, skipping can help reduce stress, improve focus, and lift your mood. Best of all, it's low-cost, portable, and easy to fit into your day, making it the perfect activity for a fun, feel-good challenge.

Is it safe for me to do skipping exercises?

We have a physical activity page that contains information on being active with Crohn's or Colitis. How to stay active and keep fit whilst living with Crohn's or Colitis. Information that looks at the evidence behind exercise and exercising with Inflammatory Bowel Disease.

<https://crohnsandcolitis.org.uk/info-support/information-about-crohns-and-colitis/all-information-about-crohns-and-colitis/living-with-crohns-or-colitis/being-active-with-crohns-or-colitis>

Is it safe for me to take part in the skipping challenge if I have concerns about fatigue, joint pain, or needing the toilet urgently?

We understand that exercise can raise concerns, especially around fatigue, joint health, and the urgency to use the toilet. With skipping, some people may feel a greater urge to poo due to the jumping movement. While many find physical activity helpful, it's important to listen to your body and not push yourself if something doesn't feel right.

We can't advise on individual suitability, so if you're unsure, we recommend speaking to your IBD team or healthcare professional. For general information about staying active with IBD, fatigue, and joint issues, you can find helpful resources on our website:

Can I get an extra skipping rope?

Unfortunately, we have a very limited stock of skipping ropes and will only initially be able to supply one per registered fundraiser. Max two per family.

I don't want to fundraise on Facebook or use my Crohn's and Colitis personal fundraiser. What else can I use?

Don't worry. You can set up a JustGiving fundraiser www.justgiving.com/campaign/bigsummerskip2025

Why doesn't my Facebook page show my total fundraised amount?

Your Facebook page will only show the amount you have raised through donations that have come through Facebook. Your Social Sync personal fundraising page will show your total raised.

My partner/family/colleagues want to join in too! How do they register? Can they have a separate fundraising page?

That's brilliant! You can send them this link to register for the challenge <https://crohns-colitis-uk.sync.giving/1125899948000341> - They can absolutely have a separate fundraising page. Thank you so much for your support! 💜

What if I don't complete the challenge?

The only thing that matters is that you challenge yourself. However much you achieve, we're so grateful for your support and for raising much-needed funds for Crohn's and Colitis UK 💜

How do I share my Facebook Fundraiser with my friends?

As soon as you set it up, it will appear in your friends' newsfeeds. Then you can post updates on the page, and more of your Facebook friends will see it. The more you post, the more people will see it, and the closer you'll get to your goal.

How can I track and log my activity?

In your welcome pack, you should have received a handy tracker. You can also download a version from the website [here](#) to get started. You can also log your daily skips through your personal fundraiser page. Simply log into your page from this link [here](#), click the activity tab, and add your completed skips per day.

Can I have a joint Facebook Fundraiser with my friend/family?

Unfortunately, it appears that Facebook has recently removed that option so they'll need to create their own fundraiser. Thanks so much for your amazing support! ❤️

Can I donate to my own fundraiser?

Absolutely! We recommend making a small donation yourself, if possible, to help kickstart your fundraising! Remember that every £5 could help us continue to support those living with and affected by Crohn's and Colitis, so your own donation could make a big difference in someone's life. Thanks so much for your amazing support! ❤️

Can I change the challenge to suit my needs?

Absolutely! It's your personal challenge, and we encourage everyone to adapt it to suit their needs and goals. ❤️

Does my daily/weekly run/workout count?

This is your challenge, and we encourage you to do it your way - some people will do it as part of their usual workout and others might choose to add this in addition. The important thing is that you're doing something that challenges you. This will vary from person to person, so tailor the challenge however you like. It should be tough, but doable. You should feel satisfied when you finish it!

Can I take part on from home or in the gym?

Absolutely! It's your personal challenge and we encourage everyone to adapt it to suit their needs and goals. ❤️
